Introduction

The second edition of the India International Industrial Expo (IIIE 2026) is set to be a landmark event for the Industrial, Manufacturing, and Engineering sectors. Taking place from January 16–18, 2026, at Kochi, Kerala, India, this expo will serve as a catalyst for industry growth by bringing together global experts, innovative technologies, and industry leaders under one roof.

Exhibition Highlights

IIIE 2026 will showcase cutting-edge advancements in machine tools, manufacturing technology, and automation. The expo will feature integrated solutions that incorporate sensors, robotics, software, and cobots, offering a glimpse into the next industrial revolution beyond Industry 4.0. Additionally, there will be dedicated pavilions for:

- Pavilion for Machinery and Tools
- Woodworking Machinery and Furniture
- Electric Vehicles (EV) and Charging Infrastructure
- Solar Energy Solutions

Why Exhibit

Exhibitors at IIIE 2026 will have the opportunity to:

- Generate valuable business leads from new and existing customers.
- Establish a strong market presence through direct, face-to-face marketing.
- Showcase their brand to a targeted, high-value audience.
- Conduct industry research and gauge market trends.
- Launch new products and services in a competitive space.
- Network with key decision-makers from government and private sectors.

Unlimited Opportunities for Exhibitors

Exhibitors can:

- Present their latest machinery, technology, products, and services to an engaged trade audience.
- Interact directly with industry professionals and key buyers.
- Expand brand recognition among leading stakeholders.
- Explore new business and investment opportunities.
- Opportunities for Visitors and Sponsors

As a Visitor:

- Discover the latest technologies and industry innovations.
- Find raw materials, suppliers, and investment opportunities.
- Network with industry leaders, manufacturers, and service providers.

As a Sponsor:

- Gain premium brand exposure and industry recognition.
- Establish leadership status in the sector.
- Project a lasting brand image to a highly targeted audience.

IIIE 2026 will feature a diverse range of industries, including:

Exhibitors Profile:

Mechanical & Engineering

- Special Purpose Machines, CNC & Laser Marking Machines
- Lathes, Automatic Lathes, Cutting & Allied Tools
- Abrasive Tools, Sheet Metal Machinery
- Drilling, Boring, Milling, Grinding, Screwing & Gear Cutting Machines

Material Handling & Testing

- Material Handling Equipment
- Testing, Measuring & Calibration Equipment

Chemicals & Pharmaceuticals

- Organic & Inorganic Chemicals
- Pharmaceutical & Chemical Machinery
- Petrochemicals, Polymers, Foundry Chemicals

Filtration & Environmental Technology

- Water Treatment & Pollution Control
- Filtration & Separation Systems
- Metrology & Scientific Equipment
- Analytical & Laboratory Equipment
- Cooling Water Systems, Cooling Towers

Electrical & Electronics

- Industrial Automation, Instrumentation & Robotics
- Electrical Switches, Control Panels, Weighing Machines
- Renewable Energy, Solar Equipment, Batteries & Inverters
- Industrial Safety & Security Equipment

Oil, Gas & Energy

- Pumps, Valves, Mechanical Seals
- Process Control Equipment
- Waterproofing Chemicals

Plastics & Food Processing

- Plastic Machinery & Products
- Food Processing Equipment

Industrial Storage & Construction

- Storage Systems, Pipes, Tubes, Roofing Materials
- Earthmoving & Construction Equipment
- Auto Components & Accessories

Rubber & Textile

- Rubber & Industrial Products
- Dairy & Textile Machinery
- Bearings, Boilers, Fasteners, Welding Machines

CAD, CAM & Industry 4.0 Technologies

- Industrial Oils & Lubricants
- IT & Financial Services, Banking & Insurance
- Logistics & Government Organizations

Communication & Networking Solutions

- Data Analytics, AI, Digital Twins, Cloud Services
- Industry 4.0 Hardware & Software

Additive Manufacturing & 3D printing

- 3D Printing Machines & Technologies
- Metal Moulding & Tooling
- CAD/CAE Software for Additive Manufacturing
- Scanning, Metrology, and Inspection Equipment

Tools & Machinery

- Hand Tools, Power Tools, Cutting & Machining Tools
- Workshop & Precision Tools
- Aerospace & Metalworking Machinery
- Woodworking, Solar, and EV Machinery

IIIE 2026 will serve as the ultimate platform for businesses to connect, innovate, and thrive in the evolving industrial landscape. Don't miss the opportunity to be part of this transformative event!
